

YOU MAY BE ELIGIBLE FOR THIS STUDY IF:

You currently smoke cigarettes and are interested in quitting

You have a cell phone and can send and receive text messages

You live in a rural county. *Unsure?*
We can check for you

INTERESTED IN QUITTING SMOKING?

OUR NEW RESEARCH STUDY MAY BE THE SOLUTION!

Illinois CancerCare is conducting a research study to test an intervention using text messaging or written booklets to **help people living in rural communities quit smoking.**

For more information, speak with your doctor or contact a member of Illinois CancerCare's Research Team **today!**
